

QUALITY POLICY STATEMENT

T.P. Turner Pty Ltd is a building contractor involved in a wide range of domestic, commercial, industrial, institutional and Government projects, including "Design & Construct" projects. The company also provides maintenance, alteration and renovation services for existing buildings as well as crane hire services.

Our commitment to clients extends to providing the very best possible quality in these services and projects to the satisfaction of our clients. To ensure these objectives, we have established a quality management program to provide clients with the assurance that the services provided and projects constructed by T.P. Turner Pty Ltd will be consistently of high quality and reliability.

This quality management system is based on the international standard ISO 9001-2008 and is regularly reviewed to ensure that it continues to be effective and suitable for our objectives. These reviews also assist us to continually improve our service for the benefit of our clients and to increase the efficiency of our operations.

We are also cognizant of the inclusion of workplace health and safety and environmental consideration within this management program and have implemented AS 4801-2001 and ISO 14001-2004 standards to ensure this commitment. These policies are pursued in all our activities including construction, maintenance, renovation and crane hire operations.

Our attitude to clients is one of fostering good relationships and meeting expectations. The full support of our employees, suppliers and subcontractors is sought in actively pursuing this quest for quality and service.

Robert Turner
Managing Director
